

# Pre-Acquisition Assessment Services

PROVIDING IT ASSURANCE WITH YOUR MERGER OR ACQUISITION

## SECURITY MATURITY ASSESSMENT

By providing a full security assessment, you can be confident you have the correct information on the security posture of your acquisition target.

## INFRASTRUCTURE ASSESSMENT

Problematic infrastructure can have a long lasting and expensive tail to it. Cyber Advisors will assess on-premises, hybrid, and cloud infrastructure to give you a valuable assessment of the company infrastructure.

## TECHNICAL RESOURCE EVALUATION

Employees are considered to be the most important assets in an acquisition. We document the roles, capabilities, responsibilities, and commitment of the current IT staff for your review pre-acquisition.

## TYPICAL ASSESSMENT DELIVERABLES

Security Maturity Assessment Based on your Regulatory Needs

Controls Assessment/GAP analysis

Business Impact Analysis

Internal/External Vulnerability Assessment
